

MODEL 1400

1440 SERIES SINGLE GAUGE MANIFOLD

The Thermal Engineering 1440 Series Single Gauge Manifolds are the ideal choice for the discriminating service engineer. The 1400 series body is forged brass with full size porting for maximum flow. The gauges include a rugged metal housing and the no flutter dial ensures accuracy. With large, steel, easy-to-grip knobs, and 1/4" hose hangers, the 1440 series allows the service engineer to "get the job done right".

FEATURES

- Forged brass body and integral hose hangers
- Rugged metal housing with no flutter gauge
- Easy to grip knobs
- 1/4 SAE Flare fittings
- Double o-ring piston valve system

CATALOG #	REFRIGERANTS	FITTINGS	HOSES	SCALE	SIZE/TYPE
1440	R12, R22, R502	1/4" SAE		bar/psi	2 1/2"/Steel
1440-36	R12, R22, R502 with 36" Hose Set	1/4" SAE	36"-RYB, 3 pack	bar/psi	2 1/2"/Steel
1440-60	R12, R22, R502 with 60" Hose Set	1/4" SAE	60"-RYB, 3 pack	bar/psi	2 1/2"/Steel
1441	R22, R404A, R410	1/4" SAE		bar/psi	2 1/2"/Steel
1441-36	R22, R404A, R410 with 36" Hose Set	1/4" SAE	36"-RYB, 3 pack	bar/psi	2 1/2"/Steel
1441-60	R22, R404A, R410 with 60" Hose Set	1/4" SAE	60"-RYB, 3 pack	bar/psi	2 1/2"/Steel
1442	R22, R134A, R407C	1/4" SAE		bar/psi	2 1/2"/Steel
1442-36	R22, R134A, R407C with 36" Hose Set	1/4" SAE	36"-RYB, 3 pack	bar/psi	2 1/2"/Steel
1442-60	R22, R134A, R407C with 60" Hose Set	1/4" SAE	60"-RYB, 3 pack	bar/psi	2 1/2"/Steel
